

## **Village of Hoosick Falls Fall Leaf Pickup Rules**

All leaves to be picked up—and only leaves—are to be placed in piles at the curb in such a way as to not impede the smooth flow of vehicular traffic.

No branches, garden weeding, flowers, foreign organic waste or other objects shall be placed at the curb or within the leaf pile to be picked up. Failure to obey this rule and the leaf pile will be left at curbside and the property owner will have to bag the leaves and bring them to the Transfer Station themselves.

If the Village picks up any disallowed objects mentioned above in the process of leaf pickup, the Village reserves the right to charge the offender for the time and equipment to pick them up.

The Village Leaf Vacuum is designed for leaf pickup only. Following these rules will help insure this equipment remains functional and available for future years.

Thank you for your cooperation,

*The Village Highway Department*
